The College requires three additional Class rooms, and we have agreed with the University to provide them I inspected the places, and arranged to place the Western wing of the Oriental Institute at its disposal for 2 Classes I have asked the Executive Engineer to have a Screen wall (which may be easely knocked down when not wanted) between

the two rooms at once
The Oriental Institute
will have the Eastern
wing and the middle

the class room by
a screen of large ~~st~~
~~two~~ book cases

6 I have also asked
the Engineer to build
~~3 or 4~~ 4 or 5 small

where near the
College Main build-
ing These rooms will
be given to the Pro-
fessors as retiring
rooms, and they
will vacate one
or ~~to~~ two rooms in

the College building

7 All this will be in force till we build the High School When that is done, the Br Institute building will be vacated again, and the new rooms near the College will be useful as tiffin rooms for students of the College

My dear Mr Manjundayya

With reference to a site for the High School at Lysore which we inspected the other day I may say that Mr Denham is in favour of the site opposite the Maternity As an alternative he prefers the one to the north-west of the Oriental Library He is not in favour of the site near the Police Station as he thinks that the approach to the College should be kept as it is
